HOW to COMPUTE YOUR FEDERAL INCOME TAX

Example: For a married couple in 2024 with taxable income of \$100,000, refer to the *MARRIED FILING JOINTLY* section of the 2024 chart listed below. See \$94,301 - \$201,050 and calculate as follows:

 $100,000 \ge 22\% = 22,000 - 9,894 = 12,106$

CALCULATION of TAXABLE INCOME

To determine taxable income, please follow these steps:

- 1. List your total income. (U.S. Form 1040, Line 9)
- 2. Subtract adjustments to income, which include various deductions from Schedule 1 (*Line 26*)
- 2 Very new hour second directed and in comme
- 3. You now have your adjusted gross income, AGI. (Line 11)
- 4. Subtract the larger of your standard deduction, or your

STRATEGIC ADVICE and MONEY MANAGEMENT for ONE PRICE

Optimal retirement and estate planning involves recognizing and tackling "big picture" agenda items like your goals and dreams, but it also benefits from implementing tax-savvy strategies for pre-retirement, post-retirement, and legacy planning issues. The list of issues includes safe withdrawal rates, gifting and charitable contributions, timing and optimizing possible Roth conversions, and much more.

Our CPAs and I can add enormous value for you. We are known for our extensive tax-impact analysis that we affectionately refer to as "number crunching."

If you are interested, we can also recommend an excellent low-cost, data-driven, money management firm that offers excellent service and astute investment practices. You pay their investment management fee, but that includes the services of our number crunching CPAs who help set up your initial plan, and then offer an ongoing annual review as long as you retain our services. For each annual review, we spend roughly two hours preparing, two hours in meetings with you, and two hours formulating our report and our summary of recommendations.

If working with us in concert with one of our recommended money managers sounds exciting to you, please call our office to see how you can get started.
